SOP for users

Click on “map view” to view all facility on map in a particular district. You can click on the location to know the hospital and details related to it.

If some has selected hospital name in a particular district and then click on map view the location of the hospital can be easily know with all its details as shown in figure on right side.

The image displays two screenshots of the Punjab Health Facility Portal, illustrating the user interface for viewing health facilities.

Top Screenshot (Map View): The portal header shows the Punjab Health Department logo and navigation links: Home, Punjab Health Department, and Register Facility/Login. Below the header, there are search filters: Amritsar (selected), Search by Hospital Name, Search by speciality, Search by Ownership, Type of Health Facility, and Map View (selected). The map shows a large number of blue pins representing health facilities in the Amritsar region. A tooltip for SHC NANGAL SOHAL is visible, providing contact information and details about the facility.

Bottom Screenshot (Map View): The portal header is the same. The search filters show Barnala (selected), Barnala DH (selected), Search by speciality, Search by Ownership, Type of Health Facility, and Map View (selected). The map shows a single blue pin representing the District Hospital Barnala. A tooltip for District Hospital Barnala is visible, providing contact information and details about the facility.
